Indore(M.P.)

Dear HR Manager:

Thank you for giving me the opportunity to apply for the Internship Role at Reinforce Software Solutions. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations. I am a focused 3rd year Btech Student who has consistently been praised as hardworking by my teachers.

During the course of my academic career, I also managed to accrue nearly 2 months of work experience. I had the privilege of working for 99Monk.com as a JavaScript tutor & as a developer, where I learned valuable professional skills such as programming, web design and web platform development. Along with that I had done various freelance projects from where I had learned various skills include teamwork, communication as well as various front-end development skills.

Whether working on academic, extracurricular, or professional projects, I apply proven communication, problem-solving and teamwork skills, which I hope to leverage into the Internship program at your company. I hope you will find me the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization.

With best regards,

Shubham Jain
